v	All handling/ loading/ unloading shall be through enclosed conveyors.	The unit is non-operational since March -2016.

ADANI VIZAG COAL TERMINAL PVT. LTD. VIZAG

Half yearly Compliance report for Environment and CRZ Clearance for development of East quay -1 (EQ-I) by replacing the existing EQ-I berth and part of EQ-2 berth.

EC & CRZ Clearance issued vide F. No. 11-33/2010-IA-III dtd 6th Jun, 2011

SN	Conditions	Compliance
vi	The CEIA report appears pertaining to EQ -1 and 1A on individual basis. The cumulative effect of all the berths which are already operating shall be taken into account and a report on existing status vs the future status of environment due to the additional development and the mitigation measures thereof particularly because the cargo is coal – a dusty cargo shall be submitted to the Ministry.	The unit is non-operational since March -2016. However, M/s VPT has engaged Jawaharlal Nehru Technological University, Kakinada, Andhra Pradesh for conducting the cumulative environmental impact assessment study.
vii	The report was silent on impacts during construction stage. Necessary measures shall be undertaken to mitigate the impacts during the construction phase.	Complied, Necessary measures were taken during construction phase.
viii	SPM level is reported to be on the higher side (GoAP letter dated 2/2/11). Necessary mitigation measures shall be implemented.	Environmental Monitoring has been stopped due to non-operation of the terminal since March - 2016. Detailed letter has been submitted to APPCB vide reference letter: AVCTPL/Env/PCB-ZO/2016-17/01, dated: 12th September, 2016 enclosed as **Annexure-1**
ix	Water Sprinkling shall be provided at all the transfer points/ storage yard.	Noted and will be complied as and when needed.
X	Spillage/ leachate shall be treated for removal of heavy metals if any and the sludge shall be disposed to the authorized TSDF.	Noted and will be complied as and when needed.
Xi	All the recommendation of the EIA, EMP shall be put in place.	Noted and will be complied as and when needed.
xii	There shall be no transport of coal/ cargo through roads.	The unit is non-operational since March -2016.
xiii	Oil spills if any shall be properly collected and disposed as per the rules	Noted for Compliance, AVCTPL is handling coal cargo. However, M/s VPT is having dedicated oil spill plan in case of any oil spills.
xiv	Layout plan showing the existing coal stockyard, which will be discontinued after modernization and one stack-yard which will be in use, shall be submitted with dimensions to MoEF and to SPCB.	Complied. AVCTPL layout plan has been submitted with half yearly compliance report dated 24th November, 2014. After modernization, drawing shall be submitted by VPT.
Xv	Proponent shall explore providing screw conveyor system/ any other suitable mechanism for transportation of coal from ship to belt conveyor in – place of grab loader and shall submit to MoEF and to SPCB to minimize the fugitive dust emissions at the time of ship loading.	The unit is non-operational since March -2016, however AVCTPL has adopted mechanized coal handling facility for transportation of coal to minimize the fugitive dust emissions.

ADANI VIZAG COAL TERMINAL PVT. LTD. VIZAG

Half yearly Compliance report for Environment and CRZ Clearance for development of East quay -1 (EQ-I) by replacing the existing EQ-I berth and part of EQ-2 berth.

EC & CRZ Clearance issued vide F. No. 11-33/2010-IA-III dtd 6th Jun, 2011

SN	Conditions	Compliance
xvi	The coal storage shall be in closed shed to minimize the fugitive emissions and the drawings shall be submitted to MoEF and to SPCB." **The above mentioned specific condition amended by MoEF and new condition is mentioned below:** The coal stock yard shall be enclosed suitably to have three layer of green belt of varying height of all the sides. Water sprinkling shall be carried out regularly for settling dust as this coal stack yard is closed to inhabited areas.	VPT obtained EC amendment for specific condition, vide Letter Number: F.No.11-33/2010-IA.III (Pt.) date 27th August, 2015. Three layers of green belt have been developed and sprinkling frequency will be increased for settling dust and fugitive emissions, as and when required. Presently, the unit is non-operational since March - 2016.
xvii	Treated sewage shall be used for dust suppressions.	Complying, treated STP water from M/s VPT is being used in Dust Suppression System at AVCTPL.
xviii	Continuous AAQM for PM 2.5 at one location shall be provided in consultation with local SPCB.	Presently, the unit is non-operational since March - 2016. Continuous AAQMS equipments will be installed once operations resumed. Correspondence related to stoppage of operations has already submitted to APPCB and same is enclosed as **Annexure -1.**
xix	The project shall be implemented in such a manner that there is no damage whatsoever to the mangroves/other sensitive coastal ecosystems.	Noted, proposed project area is within the Port limit of M/s VPT and there are no mangroves/other sensitive coastal ecosystems in the project area.
xx	There shall be no withdrawal of ground water in CRZ area, for this project.	Complying, no ground water is being used.
xxi	The project shall be executed in such a manner that there shall not be any disturbance to the fishing activity.	Noted, project area is within the Port limit of M/s VPT and there is no fishing activity in the project area, considering to port security and safety.
xxii	It shall be ensured that there is no displacement of people houses or fishing activity as a result of the project.	Noted, as this is an existing port of M/s. VPT, there is no displacement of people.
xxiii	No construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.	Complied, all the construction activities carried out are permitted in line to CRZ Notification 2011 and EC& CRZ Clearance obtained.
xxiv	The project proponent shall set separate environmental management cell for effective implementation of the stipulated environmental safeguards under the supervision of a Senior Executive.	Complied, AVCTPL will develop well structured Environment Management Cell, staffed with qualified manpower for implementation of the stipulated environmental safeguards.

ADANI VIZAG COAL TERMINAL PVT. LTD. VIZAG

Half yearly Compliance report for Environment and CRZ Clearance for development of East quay -1 (EQ-I) by replacing the existing EQ-I berth and part of EQ-2 berth.

EC & CRZ Clearance issued vide F. No. 11-33/2010-IA-III dtd 6th Jun, 2011

SN	Conditions	Compliance
xxv	The funds earmarked for environment management plan shall be included in the budget and this shall not be diverted for any other purpose.	Will be complied
8.	**General Conditions**	
i	Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality.	Complied, construction activities have been completed duly taking measures during digging activities.
ii	Full support shall be extended to the officers of this Ministry/ Regional Office at Bangaluru by the project proponent during inspection of the project for monitoring purposes by furnishing full details and action plan including action taken reports in respect of mitigation measures and other environmental protection activities.	Being Complied with, AVCTPL is committed for full support to the officers of Ministry/Regional Office, MoEF as well as officers of Central and State Pollution Control Board and other regulatory authorities.
iii	A six-Monthly monitoring report shall need to be submitted by the project proponent to the Regional Office of this Ministry at Bangaluru regarding the implementation of the stipulated conditions.	Environmental Monitoring has been stopped due non-operational of the project since March -2016. D.No. 39-33-20/4/1, Madhavadhara Vuda Colony, Vishakhapatnam

Sub: Reply to APPCB – ZO – VSP – Communication of minutes of the local committee (LC) to monitor the progress on implementation of action plan under Comprehensive Environmental Pollution Index (CEPI) for critically polluted area of Vishakhapatnam based on revised formula held on 06.09.2016 at 3.00 PM at Zonal Office, Vishakhapatnam, with industries covered under critically polluted area – Request to submit compliance for the action plan given to industries under CEPI program/ CFO order conditions/ Task Force directions on or before 13.09.2016 – Reg.

Ref: Your Letter Number 2328/PCB/ZO-VSP/Tech./2016, dated 07th September 2016 along with minutes of meeting.

Dear Sir,

In continuation to our response during subject meeting and reference cited, we would like to inform your good office that AVCTPL is not able to get cargo due to following issues.

a) Manual handling being carried out at VPT by other operators at lower TAMP rates. Due to which mechanised handling operations at AVCTPL is no more financially viable.
b) Jetties with manual handling system at VPT have unrestricted permission to handle coal through trucking. However same is lacking at Fully Mechanised Handling facility of AVCTPL and due to which it is difficult to serve nearby end users.
c) Handy Max vessels are encouraged at Jetties with manual handling that contributes to higher amount of Air pollution. Panamax vessels can be handled at Fully Mechanised Handling facility which takes care of Ambient Air Quality requirements.

In view of the above circumstances, for AVCTPL it had become difficult to do business. AVCTPL shall fully comply with all conditions if business survives. Same is possible only if manual handling is stopped by other operators within VPT, which is creating more Environmental Problems.

Thanking you,

Yours faithfully
For Adani Vizag Coal Terminal Private Limited.
